Summary

Junior Backend Developer with a **Bachelor's degree in Software Engineering** from **Jordan University of Science and Technology**. Experienced in building backend services using **Java, Spring Boot, Microservices architecture**, and working with **MySQL, MongoDB, Git, and GitHub**. Developed a **job hunt web platform** using **Node.js and React**, focusing on **clean architecture and efficient API design**. Completed hands-on training at **Digital Cash for Information and Technology** in backend development, and currently seeking a **Junior Backend Developer role** to contribute to **real-world scalable applications**.

EDUCATION

Bachelors of Software Engineering

Jordan University of Science and Technology | 2020 – 2025

WORK EXPERIENCE

Intern – Java Spring Boot Backend Developer

Digital Cash for Information and Technology | Jul 2025 – Oct 2025

- Developed RESTful APIs using **Spring Boot**, implementing endpoints with `@RestController`, request handling, and JSON responses.
- Built and maintained **CRUD operations** integrated with **MySQL/MongoDB** using Spring Data JPA and repository patterns.
- Tested and validated API functionality using **Postman**, handled input validation with `@Valid`, and implemented global exception handling.
- Collaborated using **Git and GitHub** for version control, code reviews, and branching workflow.
- Gained hands-on experience with **microservices concepts**, including service discovery, API gateway, inter-service communication (Feign/RestTemplate), and basic Spring Security authentication.

Operations Team Member (Volunteer)

JUST Scientific Creativity Club (S.C.C) | Dec 2023 – Jul 2024

Usharek Club | 2022 – 2024

CTC – Computing Technology Club, JUST | Jul 2023 – Dec 2023

- Assisted in organizing and coordinating university events and workshops focused on programming and technology.
- Supported event logistics including venue setup, participant registration, and session facilitation.
- Collaborated with team members to ensure smooth event execution and positive participant engagement.
- Contributed to promoting technical awareness within the university community through student-focused activities.

SKILLS

Soft Skills

- Problem Solving
- Attention to Detail
- Team Collaboration
- Time Management

Technical Skills

- Java & Spring Boot (RESTful Services)
- MySQL & MongoDB (Database Management)
- Git & GitHub (Version Control)
- Microservices Concepts (Eureka, API Gateway, Feign/RestTemplate)

COURSES & CERTIFICATIONS

Courses

- Backend Development Track (Java & Spring Boot) – Qafza, 90 hours (Live), 2025

LANGUAGES

Arabic - Native

English – Intermediate
